Our Vision

We aim to ensure the best start in life for all children, by creating an outstanding pre-school at the heart of our community.

Our Mission

Once upon a time there was a very special place where little children loved to go. It was a magical place where they could embark on exciting adventures to far away lands. Where they could be whatever or whoever they wanted to be ... a princess, a pirate, a dragon, a firefighter. A nurturing place, where all children felt safe to explore the world around them. A place to play, learn, care, share, be themselves and make new friends. A place where the highly experienced and caring staff gave the children roots and wings. This isn't a fairy tale.

This is

CRICH PRE SCHOOL

and we would be delighted for you and your child to join us on their journey of discovery.

We provide high quality care and education for children aged between two and five years. We believe in the value of childhood. Children need freedom and time to play because play underpins all learning and development for young children. Therefore, learning through play is at the heart of all that we do. We use the children's interests to create a fun, attractive and welcoming environment where children feel safe and supported to explore the world around them.

We understand the importance of the role of the adult in enhancing young children's learning and take great care to operate well above the required adult to child ratios in order to support each and every child on their learning journey. Our highly experienced and dedicated staff each have between 9-25 years of experience in childcare and are led by a qualified teacher.

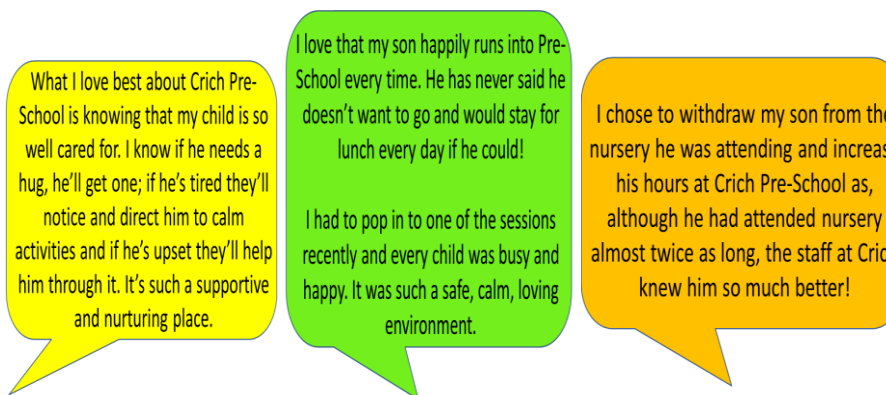

We have an open door policy to encourage open communication and feedback. If you have any enquiries, worries or concerns, or just want to pop your head round the door to see what we're up to, please come along at a time that suits you, someone will always be available to help.

We offer funded places to eligible two, three and four year olds and offer the extended 30 hour entitlement.

For further information, to arrange a visit or enquire about place availability please contact us. If you wish to register your child with us please complete the registration form overleaf.
